

SAFEView® ScanStation

Start today for as little as
\$247 / Month*

Benefits

Affordable

The most cost-effective solution available on the market today

Turnkey

Everything you need to begin storing your documents electronically

Versatile and Easy-to-Use

Streamlines every step in the process, allowing users to quickly and efficiently file, retrieve and manage documents

Cost Savings

Get rid of costly storage facilities, managed storage services, and other 3rd party services

Efficient

Retrieve documents in seconds, then email or fax them directly from the system

Safe & Secure

Utilizes redundant storage and advanced security features to ensure data is never lost or accessed without permission

Legal

Designed to meet all federal and state standards for digital document archiving

Compliant

Comply with government and industry standards for document storage and portability

Data Sharing

Enable users on your network to securely access files from remote office locations

Turnkey document management for businesses, departments and remote offices who demand a better solution for filing, retrieving and managing documents

For the first time simple, affordable document management is available with the security, flexibility and usability that you demand. As easy to use as a fax machine, the SAFEView ScanStation brings the benefit of document management to everyone. Delivered as a turnkey solution, the SAFEView ScanStation contains everything a business needs to quickly and easily convert paper documents and records into electronic files.

SAFEView is a powerful tool that allows users to:

- » File and retrieve documents in a matter of seconds
- » Make notes and annotations to documents without altering the original image
- » View documents from remote locations
- » Email or fax a document directly from SAFEView
- » Customize security access to documents on a user-by-user basis

No need to purchase expensive and complex software packages, buy and manage costly hardware, or contract with outside agencies who will charge you every chance they get - simply plug in the SAFEView ScanStation and you're on your way to improving your business. Within minutes you are scanning and managing documents like never before.

Experience immediate benefits and a quick ROI:

- » Eliminate costly off-site storage
- » Free up unproductive office space
- » Improve customer service
- » Increase the efficiency of your employees
- » Eliminate errors, damage and loss

With the most affordable and easy to use solution available, only SAFEView delivers the ultimate in document management for your business. Our market-proven solutions, supported by world-class service, enable people and organizations to maximize their efficiency and productivity.

Start using SAFEView today and begin improving your business IMMEDIATELY!
